

**MIKE ASHEY
PRODUCTIONS**

**1/48 SCALE DOUGLAS A-20 HAVOC
MANUFACTURER :AMT/ERTL
MODEL BUILT BY : MIKE ASHEY**

**KIT DESCRIPTION
AND
BUILDING NOTES**

This kit was essentially built out of the box. I removed the control surfaces and replaced them with Meteor Productions resin parts which were then repositioned. This kit is nicely detailed right out of the box. The model was painted with Testors model master enamel paints.
