

**MIKE ASHEY  
PRODUCTIONS**

**1/28 SCALE FOKKER TRIPLANE  
MANUFACTURER : REVELL  
MODEL BUILT BY : MIKE ASHEY**

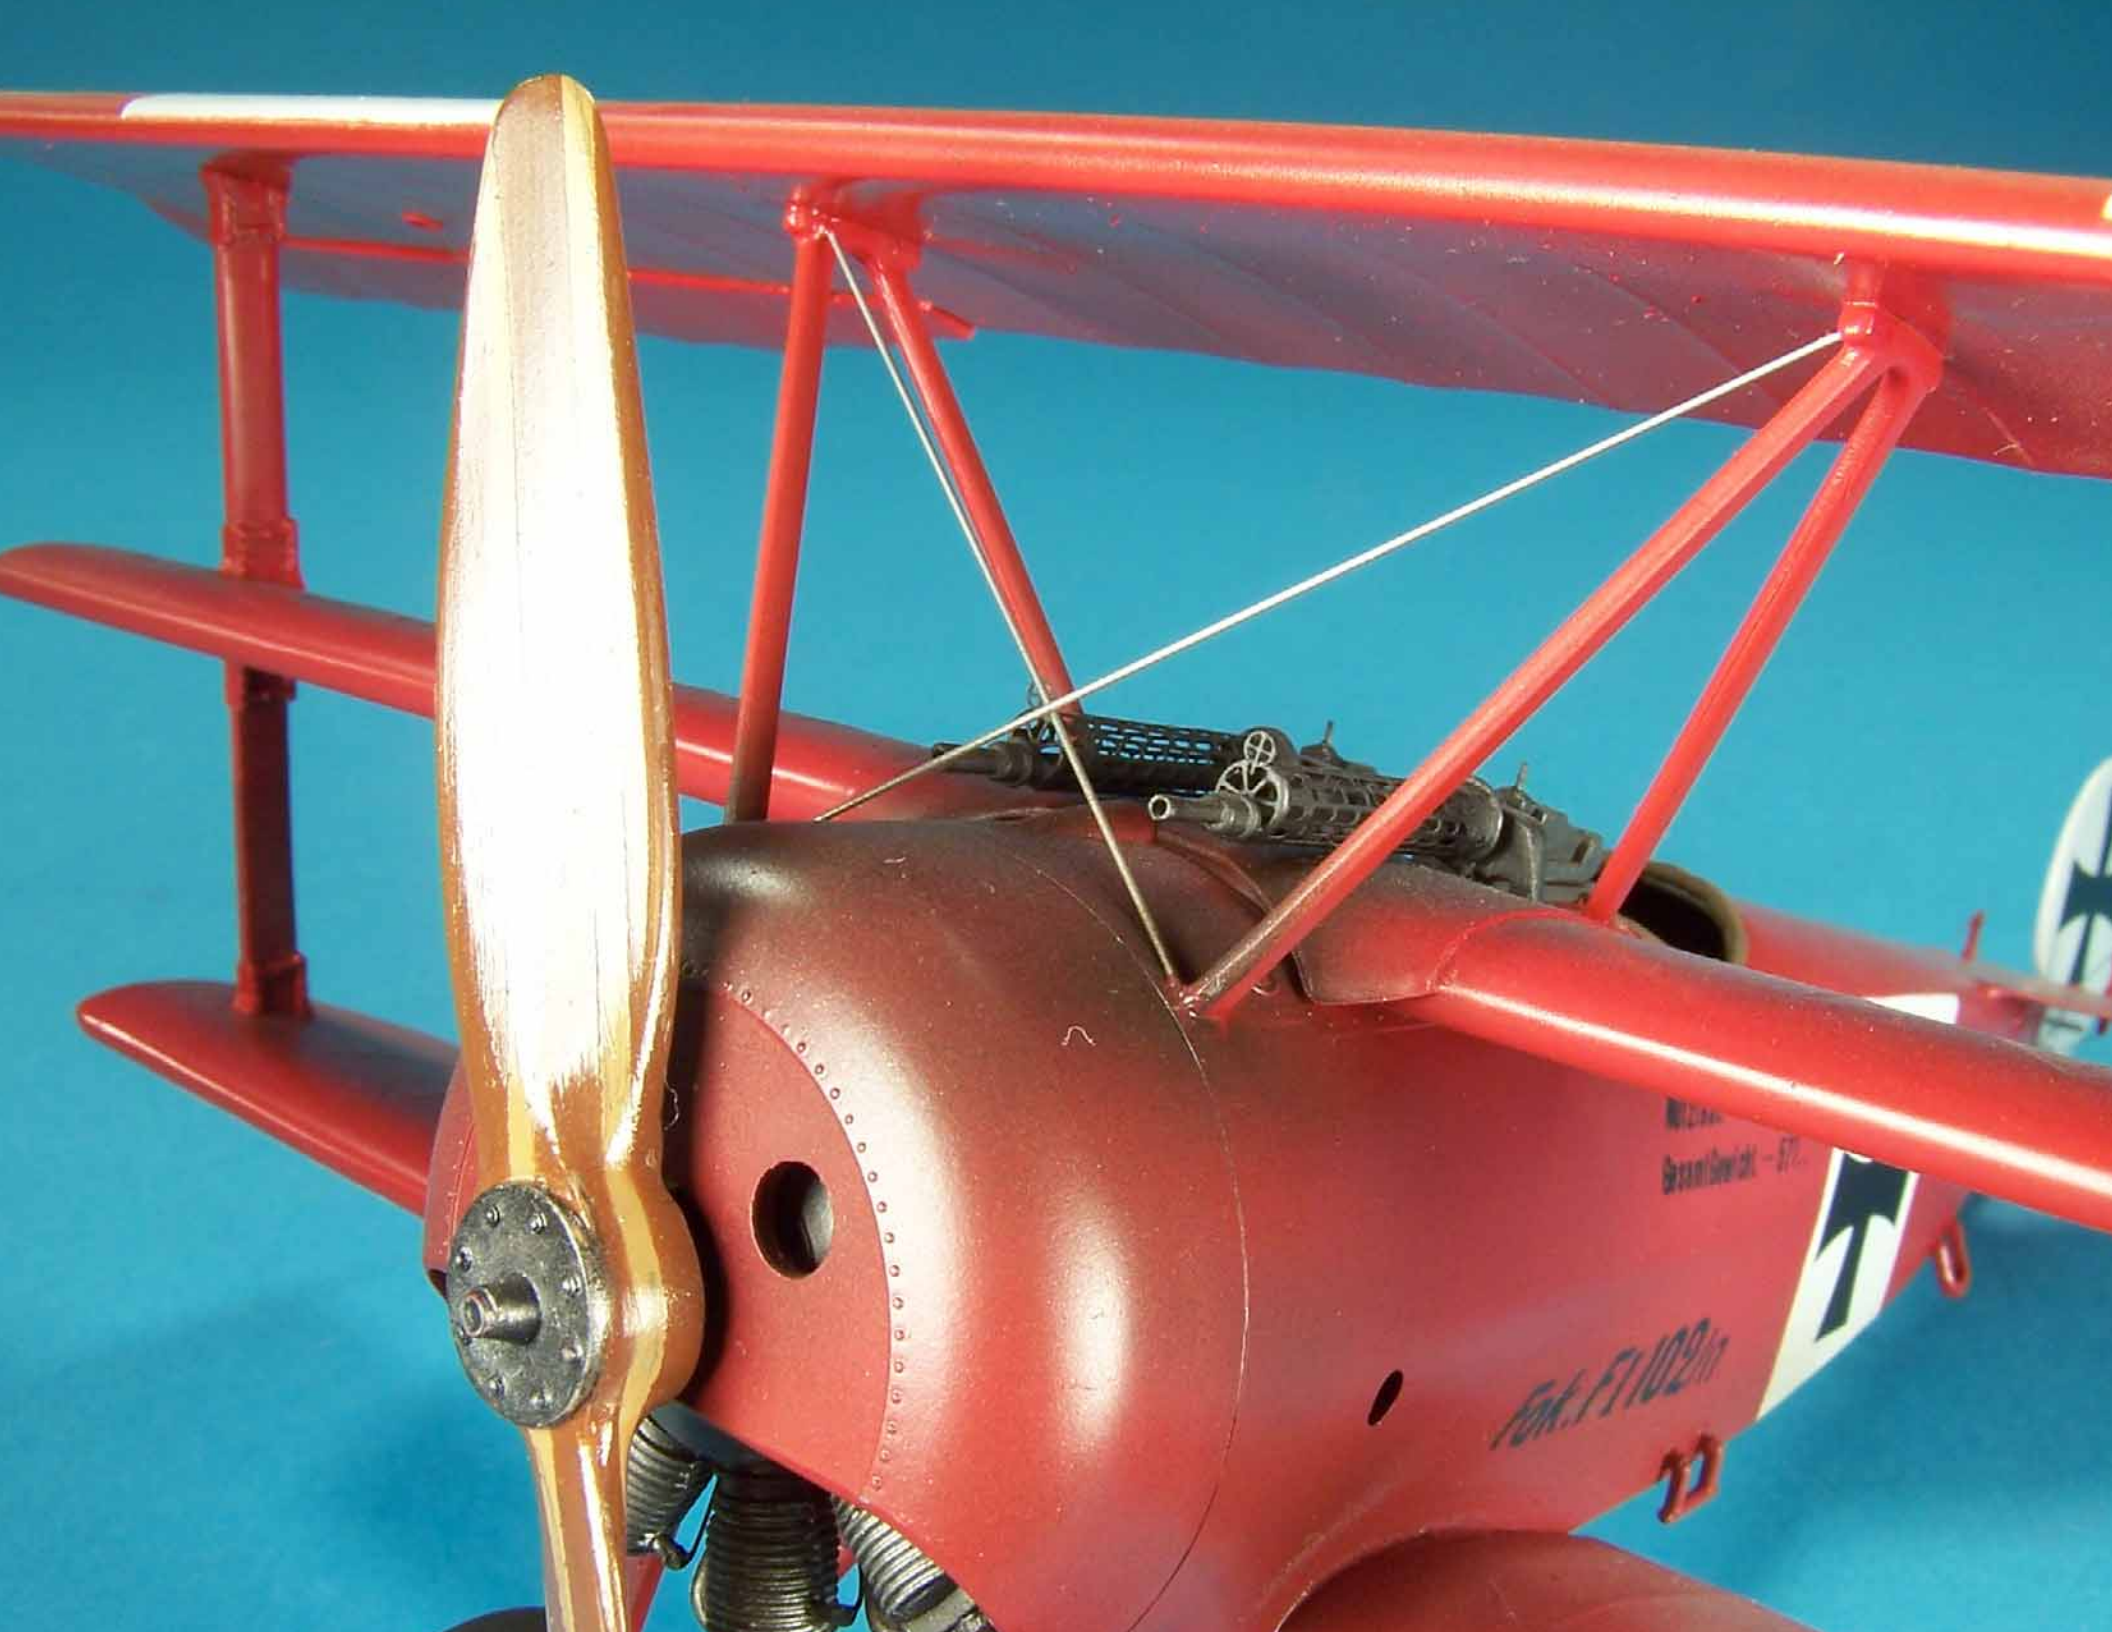

**KIT DESCRIPTION  
AND  
BUILDING NOTES**

This Revell kit is a half a century old and yet it is still considered a good kit. The model was essentially built out of the box. The gun cooling jackets are from an old IPMS detail set. The rope seat belt is from a spool of thread from Revell's 1/98 scale USS constitution. The flying wires are stiff wire painted with silver paint. The control cables are stretched plastic.
