

# **MIKE ASHEY PRODUCTIONS**

**1/32 SCALE MIG-3  
MANUFACTURER : TRUMPETER  
MODEL BUILT BY : MIKE ASHEY**

## **KIT DESCRIPTION AND BUILDING NOTES**

This kit has a well detailed cockpit. The only thing I added were decal instruments from a Reheat decal sheet. The interior was weathered with pastel pencil dust colors. The model was painted with Testors model master enamel paints. The weathered look of the paint was achieved by spraying a light dusting of water based white paint which was mixed in a ratio of one part paint to three parts thinner.
