**1/35 SCALE BRITISH WW-I HEAVY TANK
MANUFACTURER : EMHAR
MODEL BUILT BY : MIKE ASHEY**

**KIT DESCRIPTION
AND
BUILDING NOTES**

This kit was an unusual model in that there are very few kits of early World War I tanks. The model was painted with Testors model master enamel paints and highlighted by dry brushing silver paint on some of the tank's edges. Various colors of pastel pencil dust were brushed on using a wide flat brush and then sealed with Testors dull coat.
