

MIKE ASHEY PRODUCTIONS

**1/350 SCALE
USS ARIZONA AND USS PENNSYLVANIA
MODELS BUILT BY : MIKE ASHEY**

KIT DESCRIPTION AND BUILDING NOTES

The USS Arizona BB-38 and the USS Pennsylvania BB-39 were sister ships. You can clearly see from the photos the extensive modernization that the Pennsylvania underwent over the course of her World War II career. Had the Arizona survived the Pearl Harbor attack on December 7, 1941, her appearance as the war progressed, would have most likely looked very much like her sister ship.

VIA ATTACK ON PEARL HARBOR
DECEMBER 7, 1941
ATTACK ON PEARL HARBOR
